## Protesting is the Plan?

Standing outside Congress yelling and waving flags Jan 6th will do nothing but get us scorned and ridiculed when the votes get tallied for Biden. If this is the plan to change the outcome of a the election fraud this is about a weak of a plan as I can imagine. I'm disappointed when it's all said and done this is the best he has come up with. Ridiculous!

2 It'll be ridiculous only if waving flags is all we end up doing. The storefronts are getting boarded-up as we speak. I'd say forget the flags and just stand there: absolutely silent and unnervingly still.

1 He has a point. It will do nothing. Unless Trump is planning to announce the Insurrection Act immediately after they ram through Biden's 306 fraudulent electoral votes.

1 You are opposed to Trump utilizing the military if every other avenue failed to uphold the Constitution?

I'm not. There doesn't need to be violence. If the left wants to riot, that's their problem.

▼ If he does it then he will be seen as a dictator refusing the results and there will be problems. Why he doesn't do something now is beyond me. Jan 6th is way too late.

▼ I agree, the longer he waits, the worse its going to be. He should have done it before or right after the EC certified Biden's fraudulent vote.

Still, using his powers is still better than not doing anything. They've been calling him a dictator for 4 years straight. I don't think any freedom-loving American cares about optics at this point. If he uses it on the 6th, he can at least say "I tried every legal avenue I could including SCOTUS and the House but I have no choice other than to uphold my oath the Constitution"

▼ If Donald J Trump says it's going to be wild, then it's going to be wild! You have such a little faith. Nothing you say can demoralizes! Now more than ever we are going to be so excited! You should be too!

▼ Force your way inside like the group of armed Patriots did in Virginia when they were trying to take gun rights away. Be forcefully peaceful and get thousands of Pedes inside the chambers. Show of force.

▼ As soon as I read Trump's tweet, any hope for January disappeared.

I know I will get destroyed for this, but I don't think Trump knows what the hell he is doing.

I bet you anything Trump didn't even come up with this idea. Somebody else in his inner circle of cuc up with this

He should have held rallies in November in battleground states and setting the narrative. He should have been attacking the spineless GOP in front of thousands of angry MAGA patriots. So much time was wasted, Anybody who attends this rally in January is a masochist who enjoys being abused. The GOP is going to stab Trump in the back and they will do it while laughing at us.

What are we going to do??? BOOO them?? What a disappointment.

I tend to agree. It's almost like he is floundering and thinks a rally is the safe zone. A rally won't do crap. I'm very disappointed and so will the DC pedes when they leave and the only thing they have as a result is credit card bills from their trip.

Or perhaps the 'It's going to be wild' means, he is going to be there, and big news is about to be announced?

Rest assured this is not all he has come up with. And this is not just a "protest." I think that's quite obvious considering the timing and that POTUS gave the word himself. He can't really say "be ready to storm Congress on January 6th."
